Dear Judah Family,

Consecration is always a very special time in the life of Judah and I look forward to it every year. During this time, we always see God do some wonderful things in the lives of those who participate with their whole heart. Yes, there are sacrifices made and some physical comforts we give up.

However, the rewards are so much greater. As we cut down on the distractions of this world, it allow us to become more sensitive to the voice of God and the ways of God, thus drawing us closer to Him.

We will be studying *The Chosen - Book One* as well go through this forty days. I am excited by the transformation that will take place in all of our lives as we press to please Him.

I pray that you will take this time very seriously. Let's get together on one accord and watch God do AMAZING THINGS!!

REMEMBER, WE ARE BETTER TOGETHER!

Shalom, shalom,
